

2023 MUSKIE FLIES DONATION

by Bruce Cameron

For the past two years as additional support towards the Fisheries Enhancement efforts of SVSFE's WATJASK LAKE C & R MUSKIE Project the MFFA has contributed a box of expertly hand tied Muskie Flies for their annual spring Online Auction Fundraiser . Thanks to club "Muskie Fly tiers" Mike Corrigan , Keith Sinfield and Niels Larsen for their time and effort in contributing to these donations . SVSFE has greatly appreciated this unique donation that has become a popular Auction item .It has helped them raise Funds for the many important Fisheries Enhancement Projects that SVSFE is responsible for in the northern Parklands Region . Our Club Cabin has been in the Duck Mountain region since 1971 and many of our members past and present have enjoyed fly fishing this area a great deal over the years .We are hoping to increase this years donation by requesting that any additional fly tying members interested in contributing contact Mike or myself . All donations should be received by the end of April .
